

Newsletter – Winter 2014

May everything good from God our Father be yours! Col. 1:2 (The Message)

Today, while reading chapter 1 of Colossians, our hearts were inevitably flooded with the wonderful memories of this past year; many faces flashing before our eyes reminiscing about our time spent together while itinerating. We decided to seize the day and remain in that state of gratitude and thanksgiving before the Father for each one of you! How could we have done anything about the calling of God without you coming along side of us with so much encouragement, prayers and generous giving?! We can only hope that you are able to sense the overflow of our gratitude to the Lord for you. “Our prayers for you are always spilling over into thanksgivings. We can’t quit thanking God our Father and Jesus our Messiah for you!” Col. 1:5

The Message bears fruit v.9

Since the beginning of December, we have been on the road, visiting many villages, presenting a Christmas musical put together with the students from the missions school. Loaded with shoe box gifts received through Operation Christmas Child and funds from Europe's Children, we were able to reach thousands of children and their parents! Our target, certainly, were the unreached villages and the town of Baneasa. We were pleasantly surprised by the cooperation of the authorities and public schools! In Baneasa, 900 students were brought from their classes to our program! The theater was packed! We were also able to meet the town's officials, teachers, and people with whom we will keep in touch after the holidays.

We loved being able to minister in public schools! Deleni and Cuigiuc were also such towns, where because of a lack of space, we were crammed in a hallway or in a classroom, but the people felt at ease and received the message with gratitude.

The missions school students went home on winter break while we continued our outreaches in the northern part of the country with youth from other churches.

Singing carols, showing the Jesus movie, or simply telling the Christmas story, we made Jesus known to as many as would want to hear.

Careful not to be distracted or diverted v.23

Although our focus will always remain on planting the seed, our our efforts will be geared on the next level, where churches need to be planted and leaders need to be raised and trained. Baneasa is our first target. We have not been able to locate a place to start a church yet, though we have made many contacts that are helping us in this direction, along with our national pastors. It looks like we will need to buy a plot of land and build on it, since we cannot find an existing building suitable for renting or remodeling. Please pray with us for clear direction on that matter.

Other prayer needs:

- Wisdom in planning next year's outreaches as well as the ministry teams needed to do the work**
- Continued favor with officials and authorities**
- More workers to partner with us so that we can spread into unreached areas**
- The Holy Spirit anointing with power to preach the Word and for signs and wonders as confirmation**

We pray that you would enjoy the rest of the holiday season and that you would be blessed with a prosperous, healthy, and fruitful 2015!
